Read a small sample of what Top Business Leaders and the Press are saying about it:

"**Straight to the Bottom Line**"™ is the definitive work on procurement/supply base management. Every CEO, CFO, CPO and their boards who are interested in increasing shareholder value need to read this and then make it required reading for their management and procurement teams. I'd like 50 copies upon publication."

Hewlett-Packard*

"..truly unique because it succeeds in addressing the problems and concerns of C-class executives, plus procurement management and their teams. Read it and learn. Your suppliers, customers and competitors certainly will."
